Correction to recent media reports: Arlington National Cemetery recovered nearly \$27 million from prior fiscal years

Recent media reports erroneously stated that Arlington Cemetery is missing \$12 million.

This is not the case – Arlington has in fact fully accounted for these funds. Arlington National Cemetery recovered \$26,763,199.69 from prior fiscal years that was obligated but not disbursed. As part of the process of instituting new financial management controls and oversight, Arlington National Cemetery's resource managers meticulously reviewed years of financial records and recovered funds that were sent to Department of Defense agencies that support the cemetery.

On October 1, 2010, Arlington transitioned to the Army's General Fund Enterprise Business System (GFEBS). GFEBS enables Arlington and the Army to have complete visibility of its financial transactions. The table below reflects the recoveries that Arlington recouped after the reconciliation of prior year financial transactions.

Fiscal Year	Amount Recovered from Prior Fiscal Years	Amount Re-Obligated (Spent)	Remaining Amount Available for Obligation (Available to Spend)
2004	\$ 50,000.00	\$ 25,071.41	\$ 24,928.59
2005	\$ 52,760.09	\$ 25,484.76	\$ 27,275.33
2006	\$ 126,514.04	\$ 125,932.00	\$ 582.04
2007	\$ 350,455.57	\$ 328,753.46	\$ 21,702.11
2008	\$ 1,770,860.31	\$ 1,642,223.41	\$ 128,636.90
2009	\$ 12,611,519.99	\$ 12,348,758.22	\$ 262,761.77
2010	\$ 11,801,089.69	\$ 9,993,373.26	\$ 1,807,716.43
Total	\$ 26,763,199.69	\$ 24,489,596.52	\$ 2,273,603.17

As stated at previous Congressional hearings Arlington has worked diligently to modernize cemetery operations, address years of facility maintenance and repair backlogs, and address Information Technology system upgrades. The table below provides a detailed breakdown to

address the operational shortfalls identified above that would not have been possible without the recovery of these funds.
